The school year begins in April in most of north and east India and June in most South and west India. Some of the India school is out side because they don't have that much money for the walls only for the chairs and the board to write on. So they don't have the same thing as the UK schools

Education in other countries

Primary Education
 Zimbabwean education cycle takes 13 years to complete in 2 phases.
 Grade 1 begins when you are Almost 6. Phase 2 begins 2nd ry school. Most Of the time Classes are Outside!

School is dreadful

In Nigeria the desks are large and the teacher don't get paid very well. The desks have lots of children.

Don't let this happen!
