

Sunflowers and Pumpkin Growing Challenge

Thank you if you have sent us your growing challenge entry for the County Durham sunflower and pumpkin growing challenge. It has been great to see your amazing sunflowers and pumpkins, showing off the hard work of people, community groups and schools have been doing to get the sunflowers and pumpkins growing.

A big congratulations to the winning schools.....

- Escomb Primary for growing the largest pumpkin weighing in at 5kg.
- Cockfield Primary for growing the tallest sunflower with a height of 375cms.

Both winning entries have won £100 of garden vouchers for their schools.

Best wishes

Rachel Gatland
