

Parent/Carer

On the 28th May 2021 we will be holding a charity event for The Alzheimers society UK. Children are allowed to come to school in home clothes and we will be doing some activities for Alzheimers including memory games, fun maths activities and more.

We will be teaching the children what Alzheimers is and spread awareness for this cause. We will be raising money for Alzheimers society UK, therefore we are asking for a donation of £1 per child to join in with the fun. On Monday 10th May 2021 we will be holding an assembly with a PowerPoint and video.
