

June 2021

Parent / Carer Year 6 Students

Dear Parent / Carer

Re: Cancellation of Year 6 Transition Events

Following the government's announcement this week that the final stage of the roadmap to lifting restrictions is to be delayed, we have been advised that the events for transition which we had planned will be in breach of the current restrictions. Therefore, we are unfortunately having to cancel our proposed plans for inviting the children into school with their primary class during the week commencing 5th July 2021.

We will continue to offer a form of transition remotely, with key members of staff from each subject area sending welcome videos and activities to your son/daughter via their Teesdale School email account which has recently been set up for them. If you are having difficulties accessing the school email account, please let us know at onlinesupport@teesdaleschool.co.uk

We are still working with our uniform supplier, Emblematic but can confirm that a sizing event cannot take place at our school, and we would advise that you order online through Emblematic. Website: <http://emblematic.co.uk/schools/teesch/>

Once again, it is extremely unfortunate that we will not get to meet your child until September but we have to keep everyone in school and the local community as safe as possible in line with the latest government guidance.

Should you have any questions about transition, please contact us at transition@teesdaleschool.co.uk and we will respond as soon as we can.

Yours sincerely

Mr D Pilling
Head of School
